Hello Kristine.

I'm not sure this e-mail is necessary, but just in case I wanted to let you know Siltronic is confirmed for the meeting/conference call on May 27th.

I follow-up with you further upon your return to the office.

Dana

Kristine - this e-mail confirms an EPA/DEQ conference call on Tuesday May 20th, and a meeting with Siltronic on Tuesday May 27th.

I'll send Siltronic an e-mail informing them of EPA's and DEQ's availability on the 27th.

It seems likely that both the call and the meeting will use the time between 10am and 1pm, so we're going to keep those 3 hours open on both days.

I'll plan on following up with you in early May on the topics and materials needed to facilitate our conference call discussions.

Thanks for your time in coordinating schedules and making arrangements on your end, and hope your day is going well.

Dana - EPA Seattle staff would like to do a conference call with DEQ on 5/20. We believe a face-to-face with Siltronic on 5/27 would be preferable, although I'm not sure if everyone will be able to travel that day, so some may participate via phone.

Hello Kristine.

DEQ is available for a meeting or conference call on the following dates and times:  
Tuesday May 20th between 10am and 1pm, and  
Tuesday May 27th between 10am and 1pm.

I propose we confirm our meeting/call on the 20th and schedule the follow-up meeting with  
Siltronic on the 27th.

Let me know if setting up both meetings works for you, and thanks for following up with  
dates/times so quickly.

Siltronic, EPA and DEQ Meeting or  
Conference Call

Hello Kristine.

As we discussed last Friday, I'm providing Jim's, Matt's, and my availability for a meeting or a conference call in early May to discuss the Siltronic FFS.

Week Beginning May 5th  
Tuesday May 6th, all day  
Thursday May 8th, 8am to 2pm

Week Beginning May 12th  
Monday May 12th, 1pm to 5pm  
Tuesday May 13th, all day  
Wednesday May 14th, 8am to 12pm  
Thursday May 15th, all day

I'm hoping that the dates and times listed above will also allow us to arrange for a subsequent meeting with Siltronic. It would work well for example, if EPA and DEQ were able to meet/talk on the 6th or the 8th, and then for EPA and DEQ to meet/talk with Siltronic during the week beginning the 12th. If this scenario works for you, Rene, and Sean, please let me know in your reply.

I understand you're out of the office today returning tomorrow. Upon your return, if you have any questions regarding this e-mail, or if you'd like to discuss coordinating discussions further, please don't hesitate to contact me.
